PLATINUM SERIES

7-KETO®

SPEED UP YOUR METABOLISM
AND BURN EXCESS FAT WITH
CHOSEN VITAMINS PLATINUM
SERIES 7-KETO®.

PRODUCT OVERVIEW

Shed those extra pesky pounds naturally with a daily supplement of 7-Keto®. Chosen Vitamins 7-Keto® is a modified DHEA Metabolite that effectively allows your body to burn fat while boosting your metabolism. The secret lies in its ability to increase heat production in your body, which then transforms excess fat stores into usable energy. It also supplies you with all of the age-defying results of DHEA, including a boost in immunity and mental clarity.

HOW DOES IT WORK?

7-Keto®-DHEA is a modified metabolite of DHEA that promotes weight loss by speeding up the body's metabolism. It essentially achieves this through thermogenesis, a process that activates thermogenic enzymes and increases heat production in the body. The result transforms excess fat stores into usable energy, which is an efficient way to burn calories and build muscle while at rest in between exercise sessions.

OUR CERTIFICATIONS

Chosen Vitamins goes to great lengths to ensure that every supplement that leaves our FDA-registered facilities is the best product available. Our NSF Good Manufacturing Practice (GMP) certification proves the fact that we are committed to meticulously testing our products to maintain consistent quality so our customers get the best products - one bottle at a time.

GMP CERTIFIED

Every product that leaves our facilities holds up to Good Manufacturing Practice guidelines that ensure top-notch quality. These guidelines promote consistent production processes that make sure every bottle is as equally potent as it is powerful.

FDA REGISTERED FACILITY

All of our products and facilities are held to the highest standards and operate in full compliance of FDA rules and regulations. We are proud to say that our top-quality vitamins are produced in FDA-registered facilities, where they exceed all the limits of testing and inspection.
